Valley Forge Military Academy & College
Academic Computer Standards: Minimum Requirements

All students are required to own a laptop. Almost any current production laptop out in the market will suffice. Listed below are the minimum requirements for computer support, while attending Valley Forge Military Academy & College.

• Core 2 Duo processor (i.e., i3, i5, i7) – laptops more than 2 years old are not recommended
• 250 GB hard drive (or more)
• MS Windows 7, 8, Vista or Mac
• 4 GBs RAM or more
• Wireless PCMCIA or internal card (802.11 A/B/G)
• We recommend an extended warranty to cover repairs while in school.
• Microsoft Office or compatible

**Mandatory**

• Anti-Virus Solution
• USB Flash Drive – 1 GB (or larger)

Currently, VFMAC Technology Department supports both Windows and Mac OS X operating systems on the network.

Please note: Intel based wireless cards are recommended for use with the campus wireless network. Other cards may be untested and not compatible.

VFMAC Technology department personnel work with most computer equipment, however, they reserve the right to refuse technical support on hardware or operating systems that do not meet the minimum requirements outlined in this document.

If you have any questions about the Technology computing facilities, please contact Computer Helpdesk at 610.989.1348 or via email at HelpDesk@vfmac.edu
